

## High Precision Black Bearing Steel Sand, Customized Size Bearing Steel Grit

## **Specifications:**

Price	Contact Us	
Place of Origin	Shandong, China	
Payment Terms	T/T, L/C, Western Union, etc.	
Delivery Detail	10-25 working days.	
Keyword	Angular Bearing Steel Grit	

## **Detail Introduction:**

## **Bearing Steel Grit**

Bearing Steel Grit, it's much different with cast steel grit, it's cracked from Ball Bearing scraps with heat treatments. This kind of steel grit has no cambered surface, efficiency higher than common cast steel grit for stone cutting. And also this bearing steel grit contain Chrome 0.6-1.6%, much more wear resisting during stone cutting!

Product		STEEL GRIT GH/GL/GP10-120
Chemical Composition %	С	0.80-1.20
	Mn	0.20-1.20
	Si	0.15-1.20
	S	?0.05
	Cr	0.60-1.60
	Р	?0.05
Hardness ( HRC )		60-66(GH) 50-60(GL) 40-50(GP)
Density (g/cm3)		7.4
Metallographic Structure		Fine and Homogeneous Tempered Troosite
C Level		<2
