glass bead sandblasting media

Specifications :

Price	Contact Us
Place of Origin	Shandong, China
Payment Terms	T/T, L/C, Western Union, etc.
Delivery Detail	10-25 Working Days.
Keyword	Glass Beads

Detail Introduction :

Products Description

Glass beads are a major factor in increasing road safety in a very economical way. Thanks to the beads high reflective action at night, a vehicle’s headlight beam is returned to the driver’s eye, which results in a "light-up" effect of the striping. The micro spheres not only multiply the visibility of road markings at night, but also increase the striping’s durability in general.

Product application of road marking lines:

Available for long-acting marking line on asphalt or concrete pavement. Primer is necessary for some concrete surface.

Product Paramenters

Appearance	Density	Roundness %	Reflactive index	Composition
Colorless and transparent ball. No visible bubbles and impurity	2.4~2.6g/cm^3 (In 23+/-2Celsius Xylene)	Defective glass beads quality less than 30% of the glass beads quality. Roundness?80% Particle distribution 850~600um?70%	Reflactive index?1.5	Sio_2>68%
