

TOP 10 Copper Cut Wire Shot Manufacturers

Detail Introduction :

A copper cut wire shot is a type of target that is made from a piece of copper wire that has been cut into small pieces. The short pieces of copper wire are then shot at a target at high speed, and the resulting impact causes the pieces of copper wire to fly apart.

Copper cut wire shot is a kind of machine tool used to cut wires. It is a type of side-arming saw and it is used for a variety of purposes, including making cuts in metal. There are a number of manufacturers of copper cut wire shot, so it's important to do your research in order to find the best one for your needs.

- 1.Engineered Abrasives®
- 2.Pellets LLC
- 3.Specially Recommended ZIBO YALONG ABRASIVE Co., Ltd
- 4.Kholee Blast Co., Ltd
- 5.Orient Industries
- 6.Parekh Steels
- 7.Jinxing Steel Shot Co., Ltd. (JX Abrasives)
- 8.Surfin Abrasives India Private Limited
- 9.Sukie Metal Abrasive Co.,
- 10.Suntec Enterprises

1.Engineered Abrasives®

Engineered Abrasives® specializes in the finest automated shot blasting and shot peening equipment designed for your specific application.

Website: www.engineeredabrasives.com

Main Products

Since 1935, Engineered Abrasives® has offered a range of custom shot peening and shot blasting machines to meet the requirements of all industries, from automotive to aerospace and medical to heavy equipment. Gears, turbine blades, shafts, connecting rods, engine blocks, and many other parts across various industries are shot blasted and peened with Engineered Abrasives®-manufactured machines every day. Contact us today to find a solution for your shot blasting needs.

Core Advantages

- 1.Consistent, precise finish due to the uniform size and weight of the cut wire shot.
- 2.Faster cleaning of parts, with little dust.
- 3.Smooth, polished finished surfaces.

4. Multiple cycle use due to the high wear resistance of shot.

2. Pellets LLC

Pellets LLC, founded in 1948, pioneered the development of cut-wire shot for peening. In 1949, Pellets LLC began supplying cut-wire shot to General Motors and Ford. These auto industry giants used the shot for peening coil and leaf springs to improve the reliability and useful life of the springs.

Website: pelletsllc.com

Global Customer Base

We are proud to have been the first to provide cut-wire shot abrasive to industry and we continue to be a high-quality, reliable, and low-cost source for cut-wire shot worldwide. Pellets LLC is a leading supplier of abrasive products to industries including steel, alloy foundries, automotive, aerospace, metalworking, electronics, sporting goods, technology, and others.

3. Specially Recommended ZIBO YALONG ABRASIVE Co., Ltd

ZIBO YALONG ABRASIVE Co., Ltd located in Zibo City, Shandong Province, established in 2007. It is a professional and leading manufacturer and exporter of metallic abrasives. The main products include Steel Shot, Steel Grit, Steel Cut Wire Shot, Stainless Steel Cut Wire Shot etc. The annual output of metallic abrasives is more than 30,000 tons.

Website: www.y-abrasives.com

Main Products

Steel Shot

Steel Grit

Bearing Steel Grit

Copper Cut Wire Shot

Steel Cut Wire Shot

Zinc Cut Wire Shot

Core Advantages

ZIBO YALONG ABRASIVE Co., Ltd has advanced equipment and technology and perfect quality control methods. By using the Centrifugal Atomizing, Double Quenching, and Low-temperature Tempering, the metallic abrasive products are strictly produced and tested according to relative standards, such as S and GB/T18838.3-2015.

With good quality, competitive price, thoughtful service, our metallic abrasive products are widely used in fields like automobile, shipbuilding, steel structure and metallurgy, and have been exported to more than 30 countries and regions, including North America, Europe, Middle-East, South-East Asia, etc.

4. Kholee Blast Co., Ltd

As the specialist in blasting & painting engineering area, Kholee Blast, Yancheng Dafeng Sanxing Machinery Co., Ltd, devotes itself in providing better design and products for our client in surface finishing industries over the world.

Website: www.kholeeblastpaint.com

Main Products

Kholee Blast provides a 'one-stop convenient shopping' for all your surface finishing requirements, shot blasting (wheel blasting), sand blasting machines, blasting and painting booths, painting production line, Vacuum Recovery machine, Air Cooled Dehumidifier, dust collectors and blasting abrasives etc.

Besides engaging in the business of blasting equipment and accessories, Kholee Blast also distributes paint sprayer, air compressor and UHP water jetting with partners as understanding the client's requirements.

Core Advantages

Kholee Blast products are widely used in the industries of shipyard, marine offshore, oil & gas tank, engineering construction machinery, steel structures, castings, forgings, automotive engineering and heat treatment. Thanks to KHOLEE experienced technical team, quality, cost-effectiveness and efficiency have already been considered even at the very beginning of product development.

5.Orient Industries

Founded in 1975 Orient Industries is the brainchild of Late Mr. Mohan Lal Ji Poddar.

Today it is the leading manufacturer of all types of abrasives used for shot peening/blasting operations in India. With special focus on quality and over 40 years of experience in the business, Orishots (as popular in the industry) works with a large number of MNCs as well as medium sized industries across the country.

Website: www.orishots.com

Core Advantages

Customization is our differentiator. Orishots produces tailor-made suitable abrasive for each purpose precisely matched to the required characteristics, such as blasting time and intensity as well as the cost in the works. We determine the medium with the best possible properties for your needs and create the desired quality for your components, such as size, hardness, shot shape and the density.

We ensure delivery of "Quality assured with Experience" to all our customers. We sincerely welcome customers from domestic and foreign countries to contact us or even visit us to discuss business requirements. Prompt delivery and superior after sales services ensure that we meet all customer expectations leading them to customer delight. We assure you that you will find us as your ideal supplier of excellent quality & most competitive price.

6.Parekh Steels

We "Parekh Steels" are manufacturer and wholesaler of Cut Wire Shots, Steel Shots and Grits, Solid Shot Abrasive, Copper Cut Wire Shots etc. The offered assortment is immensely appreciated for features like

durability, high strength, sturdiness, corrosion resistance and fine finish.

Website: www.parekhsteels.com

Main Products

Cut Wire Shots

Steel Shots and Grits

Stainless Steel Cut Wire Shots

Steel Fiber

Copper Cut Wire Shots

Zinc Cut Wire Shots

Core Advantages

We ensure delivery of "Quality assured with Experience" to all our customers. We sincerely welcome customers from domestic and foreign countries to contact us or even visit us to discuss business requirements. Prompt delivery and superior after sales services ensure that we meet all customer expectations leading them to customer delight. We assure you that you will find us as your ideal supplier of excellent quality & most competitive price.

7.Jinxing Steel Shot Co., Ltd. (JX Abrasives)

Jinxing Steel Shot Co., Ltd. (JX Abrasives), with 20 years development, is a professional manufacturer of abrasives and shot blasting machines.

Main Products

Our production lines cover Steel Shot, Steel Grit, Cut Wire Shot (Zinc, Aluminum, Copper Shot), Special Grit, Hook Shot Blasting Machine, Tumble Shot Blasting Machine, Roller Conveyor Blasting Machine, Blast Room and so on in a variety of materials, configurations, and sizes, which widely used for surface finishing in aerospace, automotive, shipyard, railway, forge and foundry, pipe, steel structure, aluminum and other industries.

Website: www.jxabrasives.com

Core Advantages

JX Abrasives, as china leading surface preparation company, offers a complete range of metal abrasives and shot blasting machine. Our team has a clear focus: To reduce shot blast production costs, simplified process, providing economical equipment, excellent technical advice and the longer lasting abrasives.

JX metal abrasives won the famous brand title and get the National Ministry of Science and Technology Program project certificate. In 1998, we are the first abrasive company which has been awarded the certification of ISO-9002 international quality system and UKAS certificate together in China.

Our total quality understanding and modern manufacturing technology has made JINXING the demand brand in both domestic and overseas markets.

8.Surfin Abrasives India Private Limited

"Surfin Abrasives India Private Limited", established in the year 2004. We are engaged in manufacturing, exporting and importing a wide range of Abrasives Material, Friction Material, Honed Tubes and Hydraulic Cylinders.

Website: www.allabrasive.com

Main Products

Our wide range of product includes Honed Tubes, Steel Shots, Cut Wire Shots, Steel Grit, Glass Beads, Aluminium Oxide and Conveyor Belts. These are used in numerous industries and areas, including In Railways and Government Undertakings for various purposes.

Core Advantages

Surfin Abrasives India Private Limited is a group company of MetFin Castings also we are the member of "International Surface Finishing Engineering Association".

Have we over twenty-two years?of experience and expertise in the field of manufacturing and exporting wide range of abrasives material and conveyor belts as well. We have earned a reputation of providing customers timely delivery of exceptional quality products under a reasonable budget.

9.Sukie Metal Abrasive Co.,

Sukie Metal Abrasive Co., Limited is located in the hometown of hardware Yongkang city of Zhejiang province in China. Our company is a specialist organization on production of metal abrasive (shot blasting material) and the advanced Instrument of metal surface in China domestic with ten years development.

Website: sukiemetal.com

Main Products

Sukie is specializing for producing varieties of metal abrasive (carbon steel cut wire shot, stainless steel cut wire shot, nonferrous metal shots, zinc shot, zinc cut wire shot, aluminum shot and aluminum cut wire shot, copper shot and copper cut wire shot etc.)

Core Advantages

Sukie is engaged in the metal surface preparation yield of aviation, automobile, motorbike, shipbuilding, gearing, spring, train and steels, etc. by producing and supporting them with all kinds of high-end metal abrasive products and the services for shot peening strengthening processing etc. We have been associated with serious worldwide well-known institutions in metal abrasive research and development by constantly. Furthermore, all of the products which exported to more than 50 countries, such as Germany, Japan, Singapore, Malaysia, Thailand, Vietnam, South Korea, Colombia, Argentina, Indonesia, etc. have been praised by our clients.

Sukie has always been pressing ahead with international strategy to realize the leap-forward development, strengthening the connection with friends all over the world, sharing the resources and are aiming to

mutual benefit and development ultimately. Welcome to join us!

10.Suntec Enterprises

Suntec Enterprises having experience in shot peening and shot blasting media since 2002.

Main Products

Stainless Steel Cut Wire Shot – Conditioned / As Cut

Carbon Steel Cut Wire Shot – Conditioned / As Cut

Aluminum Cut Wire Shot

Zinc Cut Wire Shot

Copper Cut Wire Shot

Website: suntecenterprises.com

Core Advantages

With this rich experience of 15 Years and counting, we have been able to achieve premium quality Cut Wire Shot serving domestic as well as international OEM customers and their other auto ancillaries.

We are proud to claim ourselves as one of the first manufacturers of Cut Wire Shot in India and the first to provide Consistent Quality Conditioned Cut Wire Shot in India.

Wire shot manufacturers play an important role in the production of architectural models and drawings. The selection of a good wire shot manufacturer can be difficult, but with careful guidance from a reliable source, you can find a company that meets your specific needs. In this article, we have compiled a list of the top 10 copper cut wire shot manufacturers available online. Hopefully this will help you make an informed decision when selecting the perfect company to work with.
